SUMMARY

I recently graduated and have a strong interest in MERN stack development. I am skilled in React.js, Node.js/Express.js, and MongoDB. I am eager to learn and bring new ideas to projects. I am excited to contribute to team projects and stay up-to-date with the latest technology advancements.

EDUCATION

- **Hi-Tech Institute Of Technology** — Aurangabad(MH), India
  Bachelor of Technology - Computer Science Engineering — *July 2020 - June 2023*

- **MGM'S Polytechnic College** — Aurangabad(MH), India
  Diploma - Mechanical Engineering — *July 2017 - June 2020*

SKILLS

- **Languages**: JavaScript, TypeSript, HTML, CSS
- **Frameworks**: NodeJS, Express Js
- **Tools**: Tailwins CSS,SCSS, GIT, MySQL
- **Libraries**: Redux, Zustand

PROJECTS

- **ChatGPT Clone**: Developed a user-friendly chat GPT clone using ReactJS, Tailwind CSS, and Zustand. Implemented OpenAI API integration to enhance chat completion and allowed easy import/export of conversations for a seamless user experience.

- **Word Guess Game**: Developed a multiplayer word guessing game using React JS, Tailwind CSS, and Socket.io, with real-time communication for a seamless multiplayer experience, challenging players to guess words before the timer expires.

- **Twitter Clone**: Created a fully-functional Twitter clone using MERN stack and Redux, providing users with the same features and usability as the original platform.

- **Personal Portfolio**: I have created a personal portfolio to showcase my skills and the projects I have made

- **Chat App**: Developed a real-time chat application using React.js and Firebase for authentication and cloud storage, enabling users to chat and share images with each other.
